CZECH **LED LUMINAIRES**

CONCEPT
MARBLE MEAT

SPECIAL LUMINAIRES
FOR **PERFECT**
MEAT PRESENTATION

- **Highlighting the red colour and marbling**
- **More appealing appearance**
- **Freshness at first glance**

BENEFITS

- **High standard of meat quality**
- **Long-term customer satisfaction**
- **Opportunity to attract demanding customers**
- **Higher profitability**

As part of our meat lighting concept, we offer two different luminaires - **NANOTTICA** and **PRIMA**. Both are equipped with a practical MultiLumen function.

The MultiLumen function allows the user to simply set one of the four available wattages to suit their current lighting needs. (Using a DIP switch on the driver.)

APPLICATION

- Supermarkets with a meat department
- Grocery stores and butcher shops
- Restaurants with meat displays
- Meat fairs
- All stores that want their red-coloured products to really stand out

LET THE MEAT SHINE **WITH PERFECT LIGHTING**

Our luminaires will not only enhance the visual appeal of meat products, but also entice customers to buy fresh products.
